### AMUSEMENTS.

Al G. Field's Minstrels at English's.

Al G. Field and his band of burnt-cork entertainers made their annual bow before an Indianapolis audience last night, the occasion being the first performance of the new season at English's. The theater was packed with amusement seekers who were hungry for a good stage show, and, to judge from the continuous laughter and applause that greeted the minstrels from the rise to the fall of the curtain, the entertainment was a great success. Minstrel shows have always been popular in Indianapolis, and the Field company has had a strong fol- being revived in elaborate style by J. Frazer lowing here for many years. The personnel | Crosby, and although seen at the Park time of the audience last night indicated that a black-face production still appeals to all classes of people. The gathering was for the most part in the easy and unconventional garb of the hot summer time, and the crowd permitted itself, when the occasion arose, to indulge in enthusiasm that would be foreign to the usual Indianapolis "first-night" audience during the regular season. But the minstrel men deserved the appre-

ciation that was shown them-or, at least, opening of the performance that a good deal of thought, managerial knowledge and money have been used during the vacation season in order that the eyes of those who fancied that minstrelsy is a thing of the past might be opened. Manager Field has certainly spared no expense in putting his show together this season. The first half of the entertainment proved the better portion of the show, the stage setting being gorgeous and the costumes very handsome, while nearly all of the songs and jokes were brand new. The interlocutor was Doc Quigley, who has been with the Field company for years, but who is now for the first time essaying the part of "middle man," having always been one of the funmakers "on the end" in the past. ### Theatrical Notes.

The seats for the performance of "King Dodo" at English's the first two nights of next week will be placed on sale this morning at the box office of the theater. Manager Savage's company will arrive in Indianapolis to-morrow from Chicago, where rehearsals have been held during the last three weeks. While a number of the members of the original "King Dodo" cast have been re-engaged, there are many new people with the organization this season. A full dress rehearsal will be held on the stage at English's Sunday night, and everything will be in readiness for a smooth performance on the following evening. In fact, it is understood that all of the new players with the merry show are already letter perfect in their parts.

Two of his greatest perfor mances are Othello and Louis XI. He is to play in America with an Italian company of his own.

HISS INEZ FORMAN PLAYS AT THE PARK WITH MOTHER DYING.

Her Tears as Lady Isabel in "East Lynne" Are Real Tears, Her Sorrow Real Sorrow.

The tears in "East Lynne" at the Park vesterday afternoon and last night were not all mimic tears; the heart-breaks were not all pretended heart-breaks, for the actress who was living the life of the play's heroine was at the same time undergoing one of the sad experiences that must come to everybody in this world-to the people of the footlights as well as to others.

While Miss Inez Forman was picturing the domestic unhappiness of Lady Isabel, of "East Lynne," a telegram announcing the critical illness of the actress's mother ......................

was lying on a dressing room table. The message was received at the theater just before the curtain rose at the matinee performance. It came from Denver, Col., and told her in a few short words that her mother was not expected to live. With real tears in her eyes and with a heavy heart the actress bravely played her part from beginning to end at both performances, and if some people in the audience noticed that her voice trembled now and then, at times when the story of the play did not call for emotional acting, they will understand the reason if they read this explanation.

### "East Lynne" at the Park.

"East Lynne," the famous old emotional play of English life, was presented at the Park yesterday afternoon and last night before overflowing audiences. The play is and again, yesterday's audiences seemed greatly interested in the sad story that it has to tell and to thoroughly appreciate the

Miss Inez Forman, an emotional actress, who has had considerable experience in portraying roles that call for intense acting, is the heroine of the play-the foolish, jealous-natured woman who seems only too willing to allow a trouble-maker of her own sex to interfere with her domestic happiness. Miss Forman may not have been at her best yesterday, as she was acting under a great strain, having received word just before the beginning of the matinee performance of the critical illness of her mother in Denver. Despite the sad news, which weighed heavily upon her, she gave good portrayal of Lady Isabei, and won the sympathy of the audience in the closing scenes of the play. "East Lynne" is a tearful play from the start to the finish. There is a little vein of comedy running through it, but the dominant chord is a minor one. It is an old-fashioned drama-old-fashioned in its story and in its construction, and the present company is all the more deserving of credit on this account, for the players succeed in holding the interest of the audience throughout, giving the piece, in fact, about the best presentation that it has ever received in a popular price theater. The players are all "gags" and funny stories. The end men | The leading male members of the company are good looking, and, what is even more to the point, they wear their dress suits worthy of special notice, when one recalls some of the other popular price productions

Charles Christie, a Railroad Man. Declares Thompson Held Him Up in Big Four Yards.

James L. Thompson, who was recently arrested by Detectives Kinney and Morgan and sent to the county jail on a loitering charge, will be released from that institution, it is said, and will be prosecuted on a charge of highway robbery. When Thompson was arrested on the loitering charge it was thought that he was wanted in Chicago for robbery, and recent letters from that city show that he robbed a man there of a pocketbook con-taining a railroad ticket from Chicago to San Francisco and \$250 in money. The pocketbook was found in his possession, and the ticket, it was learned, had been pawned with a local saloon keeper for \$5. Had it not been for the affidavit issued by Christie Thompson would have been returned to Chicago for trial as soon as the authorities there came for him.
